

AILYN ANGELES

Senior Frontend Engineer · React · React Native · TypeScript

Singapore | +65 9472 6158 | ailyn.angeles@yahoo.com | [linkedin.com/in/ailynangeles](https://www.linkedin.com/in/ailynangeles) | github.com/ailynsenal

PROFESSIONAL SUMMARY

Frontend engineer with 10 years of experience building responsive, user-centric web and mobile applications using React, React Native, and TypeScript. Currently building customer-facing banking features in Singapore within a micro-frontend architecture. Earlier work includes interactive learning games for adult English learners, reusable UI component libraries, and CI/CD pipelines. Works closely with product owners, solution architects, and other teams in agile projects.

TECHNICAL SKILLS

Languages & Frameworks: JavaScript, TypeScript, React, React Native, Node.js, Redux, Zustand, Backbone, Marionette, HTML, CSS

Architecture: Micro-Frontend (MFE) Architecture, Webpack Module Federation, Monorepo

UI & Component Libraries: Storybook, Chromatic, Styled Components, Material UI, TailwindCSS, Framer Motion, Reanimated, Handlebars

Testing & Code Quality: Jest, SonarQube, Sentry, code review

Tools & Platforms: Git, Bitbucket, GitHub Actions, Jenkins, Jira, Figma, Contentful, Adobe Analytics, Google Analytics, AWS, Terraform

AI-Assisted Development: GitHub Copilot, Claude Code, Cursor

Practices: Agile, Scrum, Kanban, CI/CD, design systems, mentoring

Domains: Banking & Financial Services, EdTech, E-Commerce

PROFESSIONAL EXPERIENCE

Frontend Developer

Sep 2025 – Present

Aleph Pte Ltd · Client: UOB Singapore

- Build customer-facing features (accounts, payments, investments, servicing journeys) for the bank's internet banking platform in React, TypeScript, and Zustand, including common features other teams build on, across micro-frontend repos via Webpack Module Federation.
- Take end-to-end ownership of assigned frontend features, from requirements through delivery.
- Support penetration testing and DAST cycles, and implement analytics tracking across features using Adobe Analytics.
- Build for multiple languages and across a range of devices and screen sizes.
- Review code and meet SonarQube quality gates, working with product owners, solution architects, backend engineers, and other platform teams on feature requirements and integrations.

Senior Software Engineer

Oct 2023 – Mar 2025

Cambridge University Press & Assessment · Philippines

- Developed interactive learning games for adult English learners on web (React) and mobile (React Native).
- Built and maintained a reusable UI component library with Storybook documentation and Chromatic integration.
- Led the technical analysis and implementation of text-to-speech to support audio-based learning in a mobile game.
- Fixed security vulnerabilities in AWS-hosted services.
- Improved CI/CD pipelines using GitHub Actions to support code quality and deployment efficiency.
- Co-developed Word Riot, a two-player English learning game for Discord, as part of a company hackathon.

React Developer

Apr 2022 – Oct 2023

Samsung R&D Philippines

- Developed network monitoring applications with audio and visual alerts, live notifications, and statistical graphs.

- Developed and maintained the application within a monorepo structure, sharing code and libraries across multiple internal packages.
- Worked with overseas stakeholders and presented feature progress to gather feedback early.

Senior Application Developer

Sep 2021 – Apr 2022

Accenture Inc. · Philippines

Completed a six-month upskilling programme in modern frontend technologies and cloud tools.

Software Engineer

Sep 2016 – Sep 2021

Infor PSSC Inc. · Philippines

- Built and maintained an e-commerce platform using Liferay CMS, and migrated legacy code from Liferay 6 to 7.
- Worked with consultants and UI/UX designers to deliver user-centric solutions.
- Wrote unit tests, presented in sprint demos, and mentored junior developers.
- Took part in brown bag sessions to share knowledge across the team.

EDUCATION

Bachelor of Science in Information Technology

Jun 2012 – May 2016

Universal Colleges of Parañaque
